## MISSIONS

The *Centre d'analyse stratégique* is a research-based advisory institution under the authority of the Prime Minister.

[www.strategie.gouv.fr](http://www.strategie.gouv.fr)

The Centre's mission is to advise the Government on economic, social, environmental and technologic policy issues.

The Centre provides the Prime Minister with briefs and forecasts concerning major national reforms. It also conducts independent research initiatives as a part of its annual working program.

The Centre draws upon an eleven-member Steering Committee that includes two Members of the National Assembly, two Senators and a member of the Economic, Social and Environmental Council.

It works in coordination with the main advisory and research institutions reporting to the Prime Minister.
