Centre
d'analyse
stratégique

18, rue de Martignac
75700 Paris SP 07
Tél. 01 42 75 60 00

The Centre d'analyse stratégique is a research and decision-making institution under the authority of the Prime Minister and the Secretary of State for Strategic Studies.
The Centre's mission is to advise the Government in economic, social, environmental and technologic policy issues.
The Centre provides the Prime Minister with briefs and forecasts concerning major national reforms. It also conducts independent research initiatives as a part of its annual working program.
The Center draws upon an 11 member Steering Committee that includes two Members of the Parliament, two Senators and a member of the Economic and Social Council.
It works in coordination with the main Councils of experts reporting to the Prime Minister: le Conseil d'analyse économique, le Conseil d'analyse de la société, le Conseil d'orientation pour l'emploi, le Conseil d'orientation des retraites, le Haut Conseil à l'intégration.

INVITATION

Three round tables punctuate the debate:

- ▶ What are the strategic tools for the government to foster innovation and to support the digital agenda ?
- ▶ Will opendata movements and demands of accountability trigger a new governmental governance ?
- ▶ Is digital diplomacy a new soft power tool, able to renew international relations ?

(Broadcast live video on www.strategie.gouv.fr
